L. LB 171/10

&(3)

C S Balasundaram Iyer Esq BA.

of 89 Secretary to the Government of
His Highness the Maharaja of Mysore,
General & Revenue Departments,
Bangalore.

Sir,

According to Government

Proceedings No. 4586-96 dated the 29
LB 171-10

The order to the Diwan
after issue

ultimo sanctioning the extension of
the services of K R Rangaswamy Iyengar
entertained for well boring operations
till the end of the current official
year and directing the cost of his
pay to be met out of Rs. 10000/- provided
under B Public Works for well boring
Operations in the current year restored

Fund Budget; I have the honer
to state that a sum of Rs 684/-
has already been spent out of the
provision for labour, cart-hire
and other petty charges connected
with the boring operations in
Malur and Chik Ballapur, leaving
only a small balance of Rs 316/- at the
disposal of the Board now. This amount
which is barely sufficient to
defray the current expenditure
will be required to meet the monthly
recurring charges for disbursement
of wages to the Coolies employed for
work in connection with the
operations now in progress in
Malur. It is also under contemplation
to extend the operations to other places
in the district, if funds permit.

The District Board was also consulted in the matter and they, owing to the crippled finances condition of the Board are not in a position to meet the cost in question

Under the circumstances it is not possible to meet the cost of the pay of the Expert out of the provision of Rs 1000/- in the current years District Fund Budget which fact I have already reported and brought to the notice of the Revenue Commissioner in Mysore in my communication No 462 dated the 2nd November last and I would therefore request that sanction may kindly be accorded to meet the charge from the grants of the Local Funds General Budget

of the current year, other than that allotted for Kolar district which has been proposed already in my letter No + 607 dated 10th instant, (the) otherwise utilised, - as was originally sanctioned in Government Proceedings No 10531-62 LB 154-07-4 dated 27th May 1910, or if this is not feasible, from provincial Funds.

3) If both these proposals commend the approval of Government sanction may kindly be accorded to meet the expenditure from the general savings likely to be effected in the district Fund Budget of the current year

I have the honor to be,
Sir,
Your most obedient Servant

For PRESIDENT, DIST. & MUNICIPAL BOARDS,
KOLAR DISTRICT.

Order thereon No. 6108-10 dt 19.1.11
" LB 171-10-4

In the G.O. cited in the letter read above, the pay of the well boring expert was ordered to be met from the provision of Rs 1000/- made in the current years of

G.R.S. 27]

GENERAL AND REVENUE SECRETARIAT.

(*Continuation Sheet draft form.*)

budget of the Kolar D.C. for well boring experiments. The President states that out of this provision, Rs 684 have already been spent & that the small balance of Rs 316/- is barely sufficient to meet the recurring charges during the current year. In the current year's L.F. G.I. budget a sum of Rs 1000/- was provided for meeting the charge of demonstrating well boring instruments & another sum of Rs 2000 as a grant for works. The former provision together with a small sum of Rs 50/- out of *. The latter was ordered to be appropriated for meeting the L.F. G.I. quota of the cost of certain well boring instruments purchased by the Dy Commr of Kolar. Thus there is a sum of Rs 1950/.

* G.O. No. 305-7 (Dis 243-09)-17 dt 13th July 10

MGCPB—30,000—5-4 05.

8

out of the L.F. grant for works available for expenditure. As no grant from Provincial revenues or from the L.F. is in excess of the allotment already made for the Kolar Dt. is possible & as the proposal to meet the pay of the well boring expert from general savings in the D.F. budget is financially objectionable, your direct that the pay of the well boring expert be met from the balance of the L.F. grant for works by Rs 1950 referred to above.

Bangalore, 24th June 1911

P. 8352 29-

FROM L.B. 171-10-6

Rajakarya Pravina

A. RANGASWAMI IYENGAR, ESQ., B. A., B. L.,
Revenue Commissioner in Mysore.

To

The Secretary to the Government of
His Highness the Maharaja of Mysore,
General & Revenue Departments.

SIR,

Adverting to Government Proceedings No: 4586-96/L.B. 171-10-2, dated the 29th November 1910 sanctioning the retention of the well-boring expert till the end of the current official year, I have the honour to submit herewith for the orders of Government, copy of letter No: C.209, dated the 23rd June 1911, from the Deputy Commissioner, Kolar District requesting sanction for the continuance of the services of the well-boring expert for a further period of one year, i.e. till the end of June 1912.

I have the honour to be,
Sir,
your most obedient Servant

for Revenue Commissioner

JSK:

Enclosed 171—10/6 12

Letter No. C. 209, dated 23rd June 1911, from the Deputy Commissioner, Kolar District, to the Revenue Commissioner in Mysore.

With reference to Government proceedings No. 4530-96 / L.B. 171-10-2, dated the 29th November 1910, sanctioning the appointment of K.R. Rangaswami Iyengar, Well-Boring Operator, till the end of the current official year, I have the honour to state that five borings have been done at Malur with some success and the Chief Engineer and the Geological Secretary, who have inspected the works, have opined that no more trials are needed there, with which opinion I agree. I have now drafted the operator to Kolar-where he has been experimenting in a well in the Gazedinne plantation, and after that is over I intend sending him on to Sidlaghatta and Goribidnur, as in the latter Taluk some <u>telaperiges</u> seem to be met with here and there which it may be interesting to explore.

2. These experiments in their initial stage have to be pushed on even though at some cost and energy, and it would be worth while doing something in the way of finding out the underground water resources, especially in this generally arid District, for the benefit of the people, as is being persistently done in the United Provinces with a separate Government Establishment. Sufficient provision has been made in the next year's District Fund Budget the conducting of such experiments, and the only charge that may have to be borne by the Provincial Funds or Local Funds General will be the pay and allowances of the Operator, as has been met hitherto.

3. The matter being of such vital importance to this District and its people, I request that you may be so good as to obtain the early sanction of Government for the continuance of the services of Rangaswami Iyengar for a further period of a year, i. till the end of June 1912, so that the experiments now being conducted may be continued without any break or interruption.

4. Favour of early action is solicited.

Bangalore, 14th July 1911.

From

M. VISVESVARAYA, ESQ., M.I.C.E.,
Chief Engineer of Mysore,
Bangalore.

To

C.S.Balasundaram Iyer, Esq., B.A.,
Offg. Secretary to the Government of
His Highness the Maharaja of Mysore,
General and Revenue Departments.

Sir,

With reference to your letter No. 6409/L.B. 171-10-9 dated the 28th January 1911, I have the honour to state - - that I inspected the tube wells bored at Malur on the 7th - - April last. I understand two more borings have been put down at Chikballapur which I have not been able to inspect. Through the courtesy of the Deputy Commissioner, Kolar District, I - - have ascertained that between January 1910 and April 1911 the boring operations have cost Rs 2,750.

2. The tools used were good, the Inspector seemed to understand his business, the borings were interesting as - - experiments, but the practical results have been disappointing.

3. If the operations are intended to assist cultivators in the selection of sites for wells, a different procedure is necessary. The work now going on serves to show whether there is any prospect of finding water from deep wells in any given tract. But I have already reported that with the rocky - - - substrata such as we have in Mysore there is not much - - - -

prospect
